

E Bulletin No2

6 July 2007

This is intended for wide distribution to all staff delivering services for children, young people and families in Warrington. Please forward a copy to any colleagues not shown on the distribution list, and print hard copies for those not on the email system.

Update on evidence preparation

Evidence is now ready for submission to the inspectors. Thank you to everybody who has contributed documents, and those who have worked tirelessly to get everything completed on time.

Analysis Week

The inspectors will be with us for most of next week. Although they will be based in the Town Hall please be aware that they will also be visiting New Town House and St Werberghs. By the end of the week the inspectors will be able to give some very preliminary feedback, which will help provide clearer focus for the main fieldwork weeks in September. Look out for an update in the next e-bulletin.

Review of the Children's Plan – Posters

If you haven't already done so please take time to read the Plan (available at www.warrington.gov.uk/everychildmatters), and consider how the priorities for the coming year can be linked to your team plan and your work.

A poster of the priorities has been produced and distributed. Please ensure that this is displayed in your staff area.

A summary of the plan is being produced – we will let you know as soon as it is available.

Summer Briefings 25 July and 2, 8, 16 August

Managers are currently compiling a list of who needs to be invited to these sessions (staff working in services which are likely to be under close scrutiny by the inspectors). If you think you may be affected please keep one of the above dates free.

School Briefings

A separate briefing for schools will be held on 16 July. Pinaki Ghoshal will be issuing invitations shortly.
